

## STUDENT RESEARCH ASSISTANT IN QUANTITATIVE FINANCE

**Department of Quantitative Finance**

**Prof. Dr. Eva Lütkebohmert-Holtz**

The Department of Quantitative Finance at the Albert-Ludwigs-Universität Freiburg im Breisgau seeks applications for a

### **Student Assistant for Climate Data Processing**

The successful candidate will work in close cooperation with Prof. Dr. Eva Lütkebohmert-Holtz and Hongyi Shen and will assist with data processing tasks related to a research project on climate change impacts.

Appointments will be made for one or two months (up to 40 hours) starting in July or August.

### **Tasks**

- Data processing: Construct population-weighted, country-specific climate change data using publicly available data sets
- Data construction: Utilize existing data to perform the necessary computations and adjustments

Assist with other related tasks involving climate data as needed

### **We seek**

- Strong motivation for empirical research
- Programming knowledge in Python
- Experience with data processing work

Applications are welcome before **July 1st, 2024**. For application please contact:

Roberta Janosi, Department of Quantitative Finance, Faculty of Economics and Behavioral Sciences, Albert-Ludwigs-Universität Freiburg, Rempartstr. 16, 79085 Freiburg
